Table 1 – HealthPAS-Online officially supported browsers.....	1
---	---

## 1. System Requirements

HealthPAS Online currently supports Internet Explorer v6, 7 & 8 (Win-Only) and Firefox v3.0 and 3.5 (Win & Mac) with JavaScript and Adobe Flash support (only Provider Enrollment requires Flash at this time). See Table 1 below. HealthPAS Online is also compliant with Section 508 of the Americans with Disabilities Act. HealthPAS Online may be also compatible with additional browsers not officially supported, and will evolve to support additional browsers and versions over time. Other than what is required by the supported browser, users are otherwise not required to have any special software or hardware to gain access to HealthPAS Online.

To successfully use all the features of HealthPAS Online, ensure that your computer system meets the following minimum requirements:

- Reliable Online connection
- Web browser - The latest version of Microsoft Internet Explorer is recommended. As versions of Internet Explorer become available it is recommended that these versions are used.
- Adobe Acrobat Reader

## 2. Details

HealthPAS Online is a portal to a collection of Internet-enabled tools that aims to provide users with seamless access to healthcare information. You can access HealthPAS Online through your browser wherever you have an Internet connection via your PC or Mac. See Table 1 below.
