1. Introduction

Standard abbreviations help maintain data integrity and assist with establishing best practices. The information presented in this guide represents the standard abbreviations used by the United States Postal Service for the following:

- State Abbreviations
- Canadian Province and Territory Abbreviations
- Street Suffixes and Secondary Unit Designators
- Business Words

The following sections provide lists of standard abbreviations for use during provider enrollment and within Health PAS.

2. State Abbreviations

The following table lists the standard abbreviations for states and territories of the United States of America, as defined by the United States Postal Service and posted to usps.com:

7. Border-State Zip Codes Treated as In-State

Out-of-state providers, within fifteen (15) miles of the Maine/New Hampshire border, are treated the same as Maine providers in all aspects of policy requirements, enrollment, rates of reimbursement, and payment methodologies.

The following table lists the border municipalities in New Hampshire currently recognized and treated as In-State for Provider Enrollment. New Hampshire providers whose zip codes are not listed here who claim they are located within fifteen miles of the Maine border, may contact Provider Enrollment to have their qualifications verified.
